Corey (Charles Corey's daughter)

We are making progress on Gertrude's trouble, and yesterday she drove my car, but she has very little strength in her arm as yet.

We are invited to Farrow for Sunday dinner, as our twins - a year apart - have birthdays Feb 23 and Feb 26, so we are hoping for good driving conditions and no one will have to come for us.

The town clock looks fine and your write up in the last News was just the best.

Best of everything

Edith
